JNO. P. BARRETT, Editor.

WEDNESDAY, NOV. 28, 1817.

That which has been for years the occured near Fortress Mouroe. main reliance of farmers for money, and has been with a large portion of agreeable one for the Republicans to connericulturalists in the tobacco regions template - Louisville Commercial the principal crop, has very suddenly failed to be renumerative, and the fully less so "So mote it be," guestion arises, what is the course best | Bishon E. M. Marvin, of the M. E. to pursue with the present crop, and Church, Jud at St. Louis, on Monday what to do with lands in the future. evening last Farmers who make themselves acquainted with the markets, and read extensively, would be better able to So we but get reast tacker. solve these enquiries than others; but the great mass is not as well informed as they might be, for the facilities be Chief Justice has been tavorably through the press is ample to make every farmer intelligent upon this as well as most subjects connected with his interests. Take the papers, read aron, them carefully, for all the important affairs of agriculture are being fully discussed, statistics produced, and the best advice wisdom and observation affords given. Our interest in that greatest of all occupations, would prompt us to venture, at so critical a juneture in the affairs of agriculture, arday, our views. With the crop of '76, and the present immense and unusually fine erop, there must necessarily be a large surplus on the market. The foreign growth of Germany and Belgium is said to exceed their consumption, and this will cut off part of the foreign de-, mand. That, with the slepressed fiare far from being either remunerative er's safe was blown open with nitroor satisfactory. We incline to the opinion that when the market is sufficiently opened, and prices fixed, farmers had better part with their crops than wait longer and run the risk of same size of the HERALD, is a new exa glutted market and the shrinkage change added to our list, and one too, though men of a rougher form may make which is usual in holding on; experi- that we appreciate. ence has taught that early sales are the whole of the farming interest; it had never taken a Rip Van Winkle grain, raise more sheep and cattle \$2,00 per annum. The latter would have paid you far better this year, and will for some Jime to come, if we may judge from present indications. The South has learned wisdom from the past, and the favorite staple that were out their lands.

But as they have done so, and the favorite staple that were out their lands.

But as they have done so, and south as they have done so the south as the south and mere remunerative crops substitated. Do the same; save your labor and lands, and you will make more money, Finally, take the HERALD.

A bill to repeal a part of the acknown as the Resumption of Specie been Democratic and the report may navy management there was appro-Payment," passed the Lower House of not bendopted. Congress 28d of November, by a vote
